# Staff Augmentation

Staff Augmentation contracting is at the core of all our service areas. Our team at Value Added Solutions provides the entire human capital management process for clients with short-term and long-term project staffing needs.

Our Talent Management Team sources competent individuals to fill diverse client requirements using local and nationwide industry networks and leading-edge recruiting platforms. VAS employs project direct hires for the duration of the project scope, providing best-in-class compensation and a robust benefits package. We continually optimize our workforce by utilizing the lessons we have learned from multiple projects and clients. As an employee's assignment concludes, we proactively assess opportunities in their area that fit their skills and expertise.

We pride ourselves on communicating proactively and regularly with our distributed workforce; instantly addressing employment-related concerns without interrupting the project's performance.
